FORWARD-LOOKING STATEMENT

In this Annual Report, we have disclosed forward-looking information to enable investors to comprehend our prospects and take informed investment decisions. This report and other statements - written and oral - that we periodically make, contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. We have tried wherever possible to identify such statements by using words such as 'anticipates', 'estimates', 'expects', 'projects', 'intends', 'plans', 'believes' and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward-looking statements will be realised, although we believe we have been prudent in our assumptions. The achievement of results is subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Readers should bear this in mind. We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

CHAIRMAN'S MESSAGE

“

**PEOPLE BUY INTO THE LEADER
BEFORE THEY BUY INTO THE VISION”**

- JOHN C. MAXWELL

Dear Shareholders,

We all feel very proud that in a short span of time, our company, “The Byke Hospitality Limited” has created a place for itself in the Hospitality sector and has established its brand “The Byke”. It has been a wonderful journey since 1990 when the company had ventured into the Hospitality business. It is only because of constant efforts and hard work of our Team. We keep looking for ways through which we can further improve our services to our esteemed guests and attain maximum customer satisfaction. Our company's governance framework enjoins the highest standards of ethical and responsible conduct of business to create value for all stakeholders.

An expanding base of tourists and travellers are the lifeblood of growth in Indian Hospitality Industry. However due to the pandemic since last 2 years the industry has been plagued with intermittent lockdowns. Tourism is one economic sector in India that has the potential to grow at a high rate and to ensure consequential development of infrastructure at quaint underserved destinations. All the unforeseen challenges notwithstanding, our conviction on the Indian growth story remains unfazed. While India's growth has been impacted by the situation worldwide, there are several factors within India that have magnified the effects. The particularly devastating effects of the second wave on the Indian economy cannot be overstated.

We feel that given India's resilience it will only be a matter of time before the economy rebounds – the growth story must continue & we appreciate the steps which government have taken to expedite return to normalcy through recent legislative reforms. The constant efforts of local authorities and ease in lockdown norms have enabled a swift recovery in some destinations where we operate. We are pleased to inform you that our hotels & resorts continue to gain recognition amongst travellers even in these tough times.

The success of a company depends upon its ability to meet expectations apropos of the quality of services, amenities and facilities, brand recognition, location of properties. However, we endeavour to not just meet customer expectations but to exceed them and for us to achieve this in an environment as constrained as the past 2 years we faced some daunting yet exciting challenges which as we navigated have given us a lot more insight into not only guest expectations but also into our abilities to fulfil them. We remain confident that these learnings will provide an invaluable impetus for us to achieve the mission we have set out to achieve.

It has been a wonderful journey so far barring the obstacles that we faced previous year, many milestones have been achieved and we are looking forward for successful launch of various hotels across India and continue to grow sustainably. I am confident that the young and dynamic team of The Byke will continue to deliver its promises and exceed customer expectations. We will continue our practice of value addition for all our stakeholders over the long run with your continuous support and faith in us.

In conclusion, I would like to thank the extraordinary people who make the mission of The Byke their own. I also take this opportunity to extend my gratitude to all our fellow stakeholders for their unstinted support as the 2nd lockdown was tough for us but we have overcome it with unyielding courage and true grit. I particularly appreciate all levels of the management team, board and employees for their commitment to our company's growth and success. I also acknowledge the suppliers, customers and bankers for their stellar contribution to our company.

Once again, I thank you for resting your trust on me and providing me the opportunity to lead our company in this very dynamic industry and through these tough times.

India Infoline

Rejuvenate. Revive. Rediscover.

The past 2 years have marked a watershed moment for the hospitality industry. The scourge of COVID-19 has left the industry gasping for respite as it has not only obliterated balance sheets but also ravaged the homes of around 4 Crore workers who are the lifeblood of this industry.

Your company has not been insulated from its impact, however the Byke ethos since its inception has been to get inspired from our past to take control of our future. Hence as we look back at the past 2 years, we are not daunted by the destruction it has caused but rather inspired by the challenges we have been able to overcome in spite of all the adversities. So, as we embark on the journey to navigate a post-COVID world the cornerstones to forge our way ahead will be - rejuvenate, revive and rediscover.

1. **Rejuvenate:** Employees, Channel Partners and Communities
2. **Revive:** Product, Service and Growth
3. **Rediscover:** Competitive Advantage, Brand and Technology

Rejuvenate

We believe that the Indian Tourism Market is going to be the quintessential compounded growth story of the 21st Century and in the long run the pandemic will only be a minor after thought to signify how robust this market truly is. The pace of recovery after each successive lockdown has been the hallmark of the resilience of an Indian traveler. However, your company's philosophy compels it to not just keep pace with market growth but to surpass it and become a market leader rather than just remaining a market participant. To achieve excellence its imperative that we rejuvenate all stakeholders adequately. Employees, channel partners and communities more so than others.

Rejuvenate "Bykers"

Your company's employees or rather "Bykers" as we like to call ourselves are its true pride and joy. This was made apparent in the thick of the lockdown as they chose to stay in the properties to serve the rare guest in the lockdown and look after upkeep of the property rather than go back to their families. In every industry survival demands sacrifice, however in the Hospitality industry survival demands sacrifice while keeping a warm smile on your face and each Byker has personified that.

The past 2 years have also provided us with tremendous insights into the capabilities of each Byker where we saw in certain properties, they were more than capable and willing to take up the mantle of much heavier responsibilities as the situation demanded.

Taking inspiration from this we have begun a new program titled "Road to General Manager", any employee in any units at any level can apply for this program and the employee would have a path to becoming a GM through a competitive training course.

Rejuvenate Channel Partners

Your company has relied on its channel partners inter alia Travel Agents and Corporates to build a robust sales network to make ourselves agnostic to seasonality and also to mitigate concentration risk. Although over the years Online Travel Agents (OTAs) have increased their market share dramatically and the trend will persist going forward, currently offline Travel Agents still hold lion's share of the market and they will continue to make their significance felt in the near to medium term. Therefore, your company will optimize its OTA strategy in tandem with the existing channel partners.

While the pandemic has been challenging for the property operators it had a dire impact on everyone across the entire travel and tourism supply chain, travel agents in particular have seen their commissions dry up completely. However, we believe that the guests who historically have preferred offline travel agents to plan their travels will revert to those patterns as post lockdown mean reversion happens. Taking the same into account we had provided channel partners with favorable rate contracts during the period of the pandemic to strengthen relationships which started yielding results when the

recovery began especially in those markets which are heavily reliant on offline agents such as Shimla (Mashobra), where Byke has now become the preferred property for many agents.

We believe that it will take some time for price elasticity to recover in many micro markets, and in so far as the prices remain inelastic only a driven and motivated agent network can help convert sufficient opportunities to actual sales.

Rejuvenate Communities

Your company has always been aware of the role each of its property plays in the local communities and for many of our properties which rely of F&B revenues such as The Byke Suraj Plaza, The Byke Suraj Club and The Byke Grassfield local communities have been our strongest advocates and they have truly embraced us within their fold as the default destination for any event be it something as innocuous as a birthday to something as pivotal as a wedding. In spite of the lockdown restrictions, we have been able to sustain significant volumes in this regard and this is a testament to the confidence we have instilled in the communities we offer.

Your company also recognized how the pandemic had disproportionately prosecuted the underprivileged in our communities and so it has left no stone unturned in attempting to provide some relief through the following measures:

1. Health awareness
2. Distribution of food items in slums
3. Mid-day meals in Schools
4. Promotion of Education in remote areas
5. Awareness on Environment
6. Also Company has donated the CSR funds through implementing agencies like lions Club.

Your Company views COVID-19 as merely a minor detour on the journey to the becoming the growth engine for the Indian Tourism Industry. However, this detour has been replete with a treasure trove of learning experiences, one of the biggest takeaways for us has been that the only growth that matters is sustainable growth. Growth has to be sustainable from the perspective of not only its economical implications but also its environmental implications. Therefore, we shall strive for revival of our product offerings and the manner in which services are delivered with key focus being on sustainability. As we achieve these goals revival in growth will be inevitable.

Revive Product Offerings

Your company believes that although the guest pays for the room, food, etc. the only real product we sell is the experience the guest has when he enters through our doors. So in an effort to radically revive our product offerings we are forgoing the conventional and rudimentary understanding of what constitutes a product and have adopted the more contemporary interpretation for the same.

Although the visible infrastructure which forms a part of the stimulus that a guest receives within the property are an integral part of the product being offered it will no longer be limited to it, for us the product offering shall extend to the type of music and the volume at which it has to be played in specific areas of the hotel, the type of olfactory stimulus to be provided to the guests at specific areas, whether any events for the guests to socialize have to be organized, if so then of what kind, how spicy/sour/sweet should be the taste of the food they order, what sort of MOD revenue should be optimized on site, upselling opportunities, cross selling opportunities etc. all depending on the profile of the average guest within the property.

This comprehensive definition of the product will allow us to optimize the guest experience a lot more precisely and lead to increasing product stickiness with said guests. We aim to achieve all this in an environmentally sustainable manner.

Revive Service Delivery

Service expectations and delivery mechanisms in a post COVID world are radically different. We believe that these changes are here to stay, as guests have become more conscious of physical contact, health safety and sanitation. Therefore, it is imperative that every leg of the guests visit life-cycle is evaluated critically and service delivery mechanism is reimagined to not only ensure adherence to safety protocols but also to improve efficiencies and guest experience.

A few initiatives which we have taken in this regard are contactless check-in, which allows guests to check into a room themselves via a self-check inn portal through which they can upload the proof of address. Online room service and complaint portals are also being provided which would allow guests to place orders or report complaints directly. All of these measures have reduced the lead time in when the customer finally gets serviced.

We are a staunch proponent of “quick service is best service” so we are also working on incorporating Lean Six Sigma methodologies to not only measure each leg of the service but also to minimize breaches in upper specification limits and ensure consistently quick service.

Revive Growth

Over the years of operating multiple properties, you can rest assured that your company has achieved a level of proficiency which is the absolute gold standard within the industry.

Hence now we believe that the time is ripe to look at scaling up exponentially. The ideal manner to achieve this exponential growth is to focus on management contracts going forward and given our proven track record in not only providing an impetus to top line but also in bringing economies of scale which is seldom seen in our industry, we have a lot to offer to our management contract partners.

The past 2 years have led to a paradigm shift in the Indian Hospitality Industry, while we believe a lot of the changes will see mean reversion, yet delta in certain crucial aspects shall persist. The most important of them being guest behavior.

Taking the same into account we strongly believe that fault lines are soon going to be drawn amongst all market participants between those who recognize this delta to rediscover themselves and those who ignore it. We expect the former to bolster their market share and become leaders whereas we expect the latter to cede market share.

Needless to say, your company is very well placed within the former category. The facets in which your company is primed to rediscover itself are Competitive Advantage, Brand and Technology

Rediscover Competitive Advantage

The most remarkable change in customer behavior has been a growing indifference between Full-Service Hotels and Limited-Service apartments and villas. The change in behavior had been a gradual trend pre-COVID driven by the regulatory arbitrage residential property owners have in listing their properties on OTAs either directly or through an intermediary which led to an increase in supply of cheap rooms in a micro market with amenities comparable to a premium hotel room.

The slope of this trend got a lot steeper during the pandemic as potential guests were further incentivized to opt for individual apartments and villas not only because of the cost but also because of the perceived safety considerations. This phenomenon has been particularly evident in markets such as Goa where you saw on the one hand villa owners seeing surging occupancy numbers because of workcations whereas on the other hand multiple hotels were boarded up.

Your company recognizes these threats and rest assured it has the wherewithal to more than rise up to all these threats. We believe the safety perception offered by villas and apartments is transient and as we revive our product offerings and service delivery mechanisms, we will not only be more competitive on costs, the guest would have the added benefit of full, consistent and quick service. Also, one of most important initiatives is to make guest preferences a part of the

organizational memory which would allow us to not only meet but pre-empt guest requirements which would impose an implicit cost of convenience on them if an existing Byke guest does not opt for a Byke property.

While we welcome the competition, we do expect the government to take some corrective measures to do away with the regulatory arbitrage where a hotel is subject to intense regulatory and compliance requirements prior to being able to sell a single room night whereas no such requirements exist for residential villas and apartments listed as such on OTAs.

Rediscover Brand

Your company has always positioned itself as a “Pure Vegetarian Hotels and Resorts offering Affordable Luxury”. While this resonates deeply with all our target demographics and we deem the positioning to be perfect, there is a lot of room for increasing awareness outside of our existing guests. The Byke as a brand is extremely sticky as our internal data shows that more than 80% of the guests in our existing properties are repeat guests.

While we have always believed that our guests are our best Brand Ambassadors, we have now decided to also measure the word of mouth and incentivize them to help broaden the base. We plan to achieve this through a state-of-the-art referral program.

Marketing and Sustainable Initiatives taken by The Byke:

1. The Company is considering to tie up with service providers at its various properties for introduction of E-bikes to add a fun element, along with contributing to the sustainable approach we have been following.
2. We have been promoting the facility of ropeway to Girnar parvat which is strategically located at a distance of 5 kms from The Byke Suraj Club, Junagadh
3. The Company cares for its customers and stakeholders and as part of combating with the ongoing situation and as a safety precaution we are in the process of introducing digital menu backed with seamless technology at all our restaurant outlets.
4. The Company has also onboarded all its restaurants on digital food platforms such as Swiggy, Zomato and many others for the convenience of their guests.

Rediscover Technology

Your company has always been at the cutting edge of technology when it comes to the hospitality industry. However, the pandemic has been a force multiplier towards this effort as it has manifested a lot more use cases for certain technologies which we had yet to explore. We shall be employing Technology for primarily 2 prongs, first revenue augmentation and the second is leakage prevention.

For Revenue Augmentation we have developed state of the art bots which allow us to gain rate intelligence for all our competitors in a specific micro market, against this we are able to benchmark ourselves and this has allowed us to get a more comprehensive view of the market as compared to the conventional methods of peer set analysis. We have also employed a cutting-edge ticketing system which allows us to route all inbound queries through a centralized system, with this centralized system we are not only able to track the productivity of our sales team but also analyze the life cycle of an average lead. We are also developing a comprehensive guest profiling tech stack which employs OCR and Computer Vision through which we can maintain a common centralized database for the entire organization through which we can store guest preferences and dislikes within organizational memory allowing us to run customized offers, promotions during marketing efforts and also we can pre-empt guest requirements when they are in the property which would lead to not only optimizing guest experience but also providing the team at the unit with significant opportunity to upsell and cross-sell.

Apropos Leakage Prevention, we are employing IOT sub-meters which helps reconcile energy consumption with the revenue as booked within our Property Management System and raises real time alerts when any exception is found. We have also developed an online Night Auditing Tool which allows for remote Night Audits of certain locations.

OPERATIONS/ STATE OF COMPANY'S AFFAIRS

Profit before tax was Rs. (1,991.88) lakhs as compared to profit Rs. 245.74 lakhs in the prior year. This reduction in profit was on account of a decrease in sales because of economic slowdown and Covid-19 pandemic.

The Company was adversely affected by the slowdown in the Hospitality sector. This particularly impacted the performance in the First three quarters.

Demand appeared to rebound from January 2021 onwards;

Thus your Company achieved a total income of Rs. 6,650.35 lakhs as compared to Rs. 12,319.07 lakhs in the previous year.

DIVIDEND

The Company is in regular expansion mode and also upgrading its existing properties. Therefore in order to fund new projects/up gradation and conserve the resource, the Board has not recommended dividend on equity shares of the Company for the FY 2020 - 21.

IMPACT OF COVID - 19 ON OPERATIONS

During the financial year 2020-21, Covid -19 continued to be a global pandemic which resulted in various State as well as Central Governments imposing partial and complete lock-down thereby compelling the masses including the millennials to stay indoors. This also resulted in disruption of economic activities globally. Operating in the Hospitality Industry the Company has abided by all the safety protocols and has taken all steps and measures necessary for ensuring safety of its customers and employees.

Your Company is continuously monitoring the situation closely and has taken/continues to take all the measures to comply with the guidelines issued by the local authorities, from time to time, to ensure the safety of its workforce at Hotels and Apartments. However, the extent to which the Covid-19 pandemic may impact the Company, its operations and financials will depend on future developments in this regard which as on date are uncertain.

TRANSFER TO RESERVES

The Board of Directors of your company has decided not to transfer any amount to the Reserves for the year under review.

DIRECTORS' RESPONSIBILITY STATEMENT

Pursuant to Section 134(5) of the Companies Act, 2013, the Board of Directors, to the best of its knowledge and ability confirm that:

ANNEXURE - I

Management Discussion & Analysis

A. INDUSTRY STRUCTURE AND DEVELOPMENTS.

INDIAN ECONOMY

The World Bank projected India's economy to grow at 8.3 per cent in 2021 and 7.5 per cent in 2022, even as its recovery is being hampered by an unprecedented second wave of the COVID-19. The First wave of Covid -19 and a prolonged National Lockdown followed by the Second wave and restrictions imposed by the State Governments led to a downwards trend in the growth rate of the Indian economy. India's gross domestic product (GDP) shrank 7.3% to Rs. 135.13 trillion in 2020-21 (in real terms adjusted for inflation). It was at Rs. 145.69 trillion in 2019-20. GDP is a measure of the economic size of a country, and inflation is the rate of price rise. While the relief packages announced by the government are expected to provide a substantial boost to the economy, the near term forecast will continue to bear scars of the pandemic. With the improving situation across the Country the economy is expected to revive and reach the pre-covid levels in the remaining term of 2021 and 2022.

INDIAN TOURISM & HOSPITALITY SECTOR:

The most important and the fastest growing sector of Indian economy are services. Trade, hotels, transport and communication; financing, insurance, real estate and business services and community, social and personal services account for more than 60 per cent of GDP. The second wave of the pandemic has derailed the recovery of the hospitality industry, which is now expected to return to pre-Covid levels only in 2023-24, according to ratings agency ICRA. With demand and occupancy levels fluctuating due to cancellation of several events, travel restrictions, revenues are expected to witness a drop.

The Indian hospitality industry is undoubtedly one of the biggest casualties of the COVID-19 outbreak as demand has declined to an all-time low. The lockdown pursuant of the first and the second wave has continued to have an unfortunate impact on the hospitality sector where the occupancy levels and the ARR (Average Room Rent) have taken a major hit.

There have been lasting changes in the preferences of the customers such as changes in holidaying preferences – for instance greater interest in weekend getaways and heightened expectations in terms of safety and hygiene. With the recovery phase in the Q3 and Q4 of the year 2019-20, the Company strived to maintain its survival in the Industry along with other key players in the mid-market segment.

B. SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE

BUSINESS OVERVIEW:

The Byke Hospitality Limited is an established hospitality brand addressing India's mid-market segment. The Company has properties on lease, management contract and owned across the nation. The Company's restaurants and banquets serve only vegetarian food. The unique, asset-light approach has helped the Company sustain in the prevailing trying times. The Byke is driven by the overarching objective to retain its position as the fastest growing Indian hospitality chain addressing the country's vast mid-market segment and, in doing so, report profitable growth that enhances value for all stakeholders.

In the current COVID-19 environment, and following the closure and re-opening of our hotels and resorts on Government advice, we have had to re-prioritise our near-term actions to focus on the health and safety of our guests and teams as well

as the Company's cash flow. We believe this will help us to be in a strong position once the virus subsides.

The first quarter of FY 2021 began amongst restrictions from Central Government and State Governments, Hotels were allowed to open and operate in a phased manner; however business were expected to function with great caution and safety. Your Company has formed strategies and revised targets were set owing to the uncertainty on continuity of operations for different regions where the Hotels of the Company are Located.

Owned, Leased and Management Contract Business

Under this business segment the company operates 16 properties of which 2 properties are owned 13 properties are on Long term lease and 1 property is under Management Contract under The Byke Brand. This Business contributed revenue of Rs. 65.61 Crores during the year under review. Rooms generated Rs. 31.05 Crores in revenues; revenues from food and beverages (restaurants and bars) and events generated Rs. 35.44 Crores in revenues (around 52.67% of O&L revenues). The Company generally manages properties around long-term operating leases (10 - 20 years). The refurbishment and rebranding is completed during the rent-free period of 3 - 6 months, followed by a focus on better management, marketing, and distribution capabilities across room sales and F&B/event revenues. In FY21, under this segment the company has 15 operational properties and 1 property is expected to commence its operations in the current year.

C. OUTLOOK

India's hotel industry is on an upswing on the back of robust prospects in the domestic tourism industry, increasing foreign tourist arrivals, improving forex inflows, high demand for air travel and muted supply growth. These factors corroborated by domestic macroeconomic data suggest the road ahead will bring higher revenues and margins for the hospitality industry in the country. Growth in upscale and budget hotels, in particular is expected to be buoyant with other segments too witnessing healthy momentum. Our focus is on delivering the best at an optimum cost. We believe in affordability with quality so we will try to keep the cost low.

D. RISKS AND CONCERNS

RISK MANAGEMENT:

Your Company operates in a highly competitive industry and success is dependent on our ability to compete on various factors such as attractiveness and quality of our offerings, quality of accommodation, food and beverage, location, service levels, and amenities, together with the brand reputation of our brand licensors. The Company faces the following risks:

- **Competition:** The hospitality sector presents immense growth opportunity thereby attracting strong from hotel majors. Your Company may also have to compete with any new hotel properties that commence operation in the markets in which it operates or intend to commence operations.
Mitigation: Byke is present in the mid-market segment which faces low competition from branded hotels. Byke has created a strong brand in this segment.
- **Consumer Demand and General Economic Conditions** Economic growth drives business and leisure travel as well as conferences, banquets and events which impact the success of our operations. In addition, the hotel industry and the demand for rooms is also affected by travel advisories, worldwide health concerns, geo-political developments, natural disasters in the region and inflation.
Mitigation: Byke has also increased focus on F&B/ Restaurants/ Events revenue which has been growing at a faster rate than room revenue. Also, there has been a focus to steady increase in ARR and occupancy levels by extensively improving its service standards.
- **Seasonality and Cyclicity of Business:** The hospitality industry is seasonal in nature. Our revenues are higher during the second half of each financial year as compared to first half of the financial year. Seasonality affects leisure travel and the MICE segment (meetings, incentives, conferences and events); however, business travel is generally more consistent throughout the year. Seasonality can be expected to cause quarterly fluctuations in our revenue, profit margins and earnings.
Mitigation: At Byke we also undertake regular activities towards Marketing and branding, Customer engagement and Dealer and partner engagement.
- **Business Continuity Risk:** In the event of disruption in the conduct of business due to incidents like fire, natural calamity, breakdowns of infrastructure etc. could adversely impact the business.
Mitigation: Byke has been rapidly expanding its portfolio across India. Thus pan-India presence lowers the risk.

Mitigation and Management Strategies:

Our risk management policy encompasses identification and evaluation of business risks. We implement mitigative steps to manage the same on a continuous basis. The Risk Management exercise is conducted annually with a periodic review. It involves internal participation, scanning of environment, objective setting, risk assessment, control activities, information & communication and monitoring. This framework seeks to create transparency, minimise adverse impact on business objectives and enhance our competitive advantages. Our risk management committee guides this entire process. Discussion on financial performance with respect to operational performance

E. INTERNAL CONTROL SYSTEMS & THEIR ADEQUACY:

The large size and nature of the business demands the Company to maintain a proper internal control system. Efforts are made by the Management to maintain a sound financial and commercial practice capable of improving the efficiency of the operation and sustainability of the business. The systems provide for adequate checks and balances; adherence to applicable statutes, accounting policies and approval procedures; and for ensuring optimum use of available resources. The system are regularly reviewed and improved upon.

The Board’s Audit Committee oversees the adequacy of the internal control environment through periodic reviews of audit findings and by monitoring implementation of internal audit recommendations through compliance reports. The Audit Committee of the Board of Directors, Statutory Auditors and the Business Heads are periodically apprised of the internal audit findings and corrective actions taken. Audit plays a key role in providing assurance to the Board of Directors. To maintain its objectivity and independence, the Internal Audit function reports to the Chairman of the Audit Committee.

F. DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

FINANCIAL OVERVIEW

The Byke reported the following performance in FY21: Revenues were Rs. 65.61 Crores from hotel business in FY21.

Overall EBITDA was Rs. 14 Crore in FY21.

EBITDA margin was 21% in FY21.

PAT was Rs. (18) Crore in FY21 and PAT margin was (28) % during the year under review.

details of significant changes;(i. e. change of 25% or more as compared to the immediately previous financial year) in key financial ratios, along with detailed explanations therefor, including:

	Year Ended March 31, 2021	Year Ended March 31, 2020
1 Interest Coverage Ratio (EBITDA/ Interest Expenses)	0.60	0.18
2 Current Ratio (Current Assets/ Current Liabilities)	1.96	1.86
3 Debt Equity Ratio (Debt/Equity)	0.16	0.11
4 Debtors Turnover [In Days] (Average Trade Receivable/Average daily revenue from operation)	144	83
5 Inventory Turnover [In Days] (Average Inventories/Average daily cost of inventories recognised as expenses)	484	259
6 Operating Profit Margin (%) (EBIT/ Turnover)	-17.4%	7.3%
7 Net Profit Margin (%) (Profit/(Loss) after tax/Turnover)	-27.4%	3.4%
8 Return on net worth (details of any change in Return on Net Worth as compared to the immediately previous financial year along with a detailed explanation thereof)	-10.2%	2.2%

The Company continued to maintain a healthy capital structure as is evident from its ratios of Debt to Equity at 0.16 times. These ratios increased marginally as the Company increased its borrowings to build its liquidity position and to fund its expansion plans. The impact of COVID-19 on the operating losses and Net margins of the Company resulted in a steep decline in the Interest Coverage Ratio as well as negative Operating Profit Margin, Net profit margin and Return on Net Worth percentages. Debtors turnover ratio increased from 83 days in the previous year to 144 days as frequent disruptions in trade during the year due to lockdowns and other restrictions slowed down customers’ ability to remit their dues on time. Inventory turnover ratio was higher at 484 days as compared to 259 days in the previous year as the Company’s consumption of inventory declined with declining business volumes.

FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF THE BYKE HOSPITALITY LIMITED

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

We have audited the financial statements of **THE BYKE HOSPITALITY LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2021, and the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its loss and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the Independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

1. Estimates Involving in Capitalisation of Capital Expenditure, and determining their useful lives (Refer Note 2 "Significant Accounting Policies", Critical Accounting Estimates and Note 3 "Property, Plant and Equipment" for details)

Company has capitalized items of Property, Plant and Equipment (PPE), mainly related to the machinery installed on various leased existing hotels and new hotels acquired in the year. Expenditure such as freight cost and acquisition cost are capitalized. Identification and allocation of the related expenditures involves judgement and estimation of future economic benefit.

The useful lives of PPE items are based on management's estimates regarding the period during which the asset or its significant components will be used. The estimates are based on historical experiences, market practices and Company's decision on technical evaluation of useful lives of the Machinery.

Capital expenditure and new acquisition is not considered to be an area of significant risk for our audit but as it requires considerable time and resource to audit due to its magnitude, it is considered to be a key audit matter.

Principal Audit Procedure

We assessed whether the Company's accounting policy in relation to the capitalisation of expenditures are in sync and in compliance with IND AS and found them to be consistent.

We obtained a listing of capital expenditures and major acquisition during the year and, on a sample basis, checked whether the assets were undertaken based on internal purchase order that had been properly approved by the key person with such authority with no material exceptions noted. We inspected a sample of contracts and underlying invoices to determine whether the classification between capital and operating expenditure was appropriate. We noted no material exceptions.

We evaluated whether the useful lives of the component determined and applied by the management were in line with historical experience, Company's assessment and the market practice. We checked whether the depreciation of PPE items was commenced timely, by comparing the date of the reclassification from work in progress to asset in use, with the date of the act of completion of the work. We noted no material exceptions.

Reference to related disclosures

The Company has provided information on the disclosure of the addition, deletion of PPE and depreciation for the year on such addition and existing asset in Note 3 of the financial statement.

2. Recognition and Measurement of Deferred Tax

The recognition and measurement of deferred tax items requires, at the level of the tax entity, the complete determination of all differences between the recognition and the measurement of assets and liabilities in accordance with the respective local tax provisions and financial reporting in accordance with IND AS as well as the calculation of tax loss carry forwards. This requires the significant calculation on account of carry forwards of losses, Mat Credit entitlement and identification of temporary differences. Furthermore, the assessment of the ability to use deferred tax assets is based on the expectations of the management regarding the Company's economic development, which is influenced by the current market environment, Co-venture support and the assessment of future market development (Domestic and Overseas) and thus requires the use of judgment.

Deferred Tax disclosed in Note 19 of the Financial Statement of Company for year ended include Deferred tax asset created on temporary, deductible difference of Rs. 419.15 lacs. In light of this, the recognition and measurement of deferred taxes was a key audit matter.

Principal Audit Procedure

In assessing the recognition and measurement of deferred taxes for the Company, among other procedures, we analyzed the underlying processes for the complete capture and measurement of deferred taxes and examined the controls implemented to prevent or detect and correct errors.

Current tax laws allow to carry forward unused tax loss for 8 assessment years and from the assessment year in which such tax loss was incurred.

During The Year, Taxation Laws (Amendment) Ordinance, 2019 promulgated by President of India which was published in Gazette of India in September 2019. The Ordinance has brought significance changes to Corporate Income Tax Rates. The Ordinance provides an option to domestic Companies to pay Income Tax at lower Rate (22%) instead of Normal Rate 30%.

We have been informed by the Company's Management, Company has exercised Option of Lower Tax rate for Financial Year 2019-20 i.e. Assessment Year 2020-21

We have referred Ind AS Technical Facilitation Group (ITFG -Formed by ICAI) Clarification given in Bulletin 23 regarding effect to lower tax rate as per ordinance while determining current tax and

deferred tax asset or liabilities for the purpose of presenting financial statements as on March 31, 2021.

Para 46 and 47 of Ind AS 12, Income Taxes, State as follows:

Current tax liabilities (assets) for the current and prior periods shall be measured at the amount expected to be paid to (recovered from) the taxation authorities, using the tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and liabilities shall be measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

We examined on a sample basis the identification and quantification of differences between the recognition and measurement of assets and liabilities according to tax regulations and financial reporting pursuant to IND AS. We also reperformed the calculation of deferred taxes.

Since, Company has intended to opt for Lower Tax rate as per Ordinance, Company has given effect while determining the current tax and deferred tax asset or liabilities for the purpose of presenting financial statement for the year ending March 2021. We have also focused on adequacy of the Company's disclosures on deferred income tax positions and assumption used.

Our audit procedures did not lead to any reservations regarding the recognition and measurement of deferred taxes.

Reference to related disclosures

The Company has provided information on the recognition and measurement of deferred taxes in the Note 19 of the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Annual report, for example Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon. The Annual report is expected to be made available to us after the date of this our auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Management's Responsibilities for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of the misstatement in the financial statement that, individually or in aggregate, makes it probable that the economic decision of the reasonably knowledgeable user of the financial statement may be influenced. We considered quantitative materiality and qualitative factor in (i) planning the scope of our audit work and in evaluating the result of our work, and (ii) evaluate the effects of any identified misstatement in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matter communicated with those charge with governance, we determine those matters that were of most significance in audit of financial statement of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law and regulation precludes public disclosure about the matters or when, in extremely rare circumstances, we determine that the matters should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Companies Act, 2013, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, based on our audit we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e. On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164(2) of the Act.

f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's Internal Financial Controls over the financial reporting.

g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended,

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of Section 197 of the Act.

h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company does not have any pending litigations.
- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There has been no delay in transferring amount, required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 2(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of **The Byke Hospitality Limited** of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of THE BYKE HOSPITALITY LIMITED (“the Company”) as of March 31, 2021 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED MARCH 31, 2021

Note 1: Company Overview

The Byke Hospitality Limited (the "Company") is a Public Limited Company domiciled in India and incorporated in 1990 under the provisions of Companies Act, 1956. The Company is engaged in the business of Hospitality. The equity shares of the Company are listed on The National Stock Exchange of India Limited, BSE Limited and MSEI.

Note 2: Summary of Significant Accounting Policies

A. Basis of preparation of financial statements

(i) Statement of Compliance

These financial statements have been prepared in accordance with Indian Accounting Standards ("Ind-AS") under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ('Act') (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind-AS are prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

(ii) Basis of measurement

The financial statements have been prepared on historical cost basis except the following:

- certain financial assets and liabilities are measured at fair value;
- assets held for sale- measured at fair value less cost to sell;
- defined benefit plans- plan assets measured at fair value; and

The functional currency of the Company is the Indian Rupee. These financial statements are presented in Indian Rupees and all values are rounded to the nearest lakhs, except when otherwise stated.

(iii) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is expected to be realised or intended to be sold or consumed in normal operating cycle, held primarily for the purpose of trading, expected to be realised within twelve

months after the reporting period and cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. All other assets are classified as non-current.

A liability is current when it is expected to be settled in normal operating cycle, it is held primarily for the purpose of trading, it is due to be settled within twelve months after the reporting period and there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period. The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

B. Use of estimates

The preparation of the financial statements in conformity with Ind-AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed in note C below. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

C. Critical accounting estimates

(i) Income taxes

The Company's major tax jurisdiction is India. Significant judgements are involved in determining the provision for income taxes, including amount expected to be paid/ recovered for uncertain tax positions. Also refer to note 26.

(ii) Property, plant and equipment

Property, plant and equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.

(iii) Defined benefit plans

The cost of the defined benefit gratuity plan and other post-employment benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publicly available mortality tables. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates.

Further details about gratuity obligations are given in Note 40.

(iv) Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments. See Note 35-36 for further disclosures.

D. Property, Plant and Equipment

Land (including Land Developments) is carried at historical cost. All other items of property, plant and equipment are stated in the balance sheet at cost historical less accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. All other repair and maintenance costs are recognised in profit or loss as incurred.

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognized impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalized in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Subsequent to recognition, property, plant and equipment (excluding freehold land) are measured at cost less accumulated depreciation and accumulated impairment losses. When significant parts of property, plant and equipment are required to be replaced in intervals, the Company recognizes such parts as individual assets with specific useful lives and depreciation respectively. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement cost only if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in the Statement of Profit and Loss as incurred.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and land developments) less their residual values over the useful lives, using the straight-line method ("SLM"). Management believes that the useful lives of the assets reflect the periods over which these assets are expected to be used, which are as follows:

Description of Asset	Estimated useful lives
Buildings	10-60 years
Computers and Printers, including Computer Peripherals (including server and networking)	3 years
Office Equipments	4-5 years
Furniture and Fixtures	10 years
Motor Vehicles (including busses and trucks)	5-15 years
Plant and Machinery	10-15 years

Depreciation on additions/ deletions to fixed assets is calculated pro-rata from/ up to the date of such additions/ deletions.

Assets individually costing less than Rs. 5,000 are fully depreciated in the year of acquisition.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable. The residual values, useful life and depreciation method are reviewed at each financial year-end to ensure that the amount, method and period of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of property, plant and equipment.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between sale proceeds and the carrying amount of the asset and is recognised in profit or loss.

E. Investment properties

Investment properties are properties that is held for long-term rentals yields or for capital appreciation (including property under construction for such purposes) or both, and that is not occupied by the Company, is classified as investment property.

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated impairment loss, if any.

Though the Company measures investment property using cost based measurement. Fair values are determined based on an annual evaluation performed by an accredited external independent valuer.

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition

F. Intangible Assets

Intangible asset including intangible assets under development are stated at cost, net of accumulated amortisation and accumulated impairment losses, if any. Intangible assets acquired separately are measured on initial recognition at cost.

Intangible assets in case of computer software are amortised on straight-line basis over a period of 5 years, based on management estimate. The amortization period and the amortisation method are reviewed at the end of each financial year

The useful lives of intangible assets are assessed as either finite or indefinite. Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with infinite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

G. Impairment of Non-Financial Assets

Assessment is done at each Balance Sheet date as to whether there is any indication that an asset (tangible and intangible) may be impaired. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets, is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the asset/ cash generating unit is made. Assets whose carrying value exceeds their recoverable amount are written down to the recoverable amount. An impairment loss is recognized in the profit or loss. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. Assessment is also done at each Balance Sheet date as to whether there is any indication that an impairment loss recognised for an asset in prior accounting periods may no longer exist or may have decreased. A reversal of an impairment loss is recognised immediately in profit or loss.

H. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial Instruments are further divided in two parts viz. Financial Assets and Financial Liabilities.

Part I - Financial Assets

a) Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

b) Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

Financial Assets at amortised cost:

A Financial Assets is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

This category is the most relevant to the Company. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss.

Financial Assets at FVTOCI (Fair Value through Other Comprehensive Income)

A Financial Assets is classified as at the FVTOCI if following criteria are met:

- The objective of the business model is achieved both by collecting contractual cash flows (i.e. SPPI) and selling the financial assets

Financial instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Company recognizes interest income, impairment losses and reversals and foreign exchange gain or loss in the statement of profit and loss. On de-recognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to the statement of profit and loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Financial Assets at FVTPL (Fair Value through Profit or Loss)

FVTPL is a residual category for financial instruments. Any financial instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to designate a

financial instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Financial instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

Equity investments

All equity investments in scope of Ind-AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind-AS 103 applies are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument by instrument basis. The classification is made on initial recognition and is irrevocable. If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity. Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

c) De-recognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily de-recognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case,

the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

d) Impairment of financial assets

In accordance with Ind-AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, deposits, trade receivables and bank balance;
- Financial assets that are debt instruments and are measured as at FVTOCI
- Lease receivables under Ind-AS 116
- Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind-AS 115 (referred to as 'revenue from contract with customers' in these financial statements)
- Loan commitments which are not measured as at FVTPL
- Financial guarantee contracts which are not measured as at FVTPL

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables or contract revenue receivables.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the Company reverts to recognising impairment loss allowance based on 12-month ECL. Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, the Company considers:

- All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the Company uses the remaining contractual term of the financial instrument; and
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed. On that basis, the Company estimates the following provision matrix at the reporting date:

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss. This amount is grouped under the head 'other expenses'. The balance sheet presentation for various financial instruments is described below:

- Financial assets measured as at amortised cost, contractual revenue receivables and lease receivables: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.
- Loan commitments and financial guarantee contracts: ECL is presented as a provision in the balance sheet, i.e. as a liability.
- Debt instruments measured at FVTOCI: Since financial assets are already reflected at fair value, impairment allowance is not further reduced from its value. Rather, ECL amount is presented as 'accumulated impairment amount' in the OCI.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

The Company does not have any purchased or originated credit-impaired (POCI) financial assets, i.e., financial assets which are credit impaired on purchase/ origination.

Part II - Financial Liabilities

a) Initial recognition and measurement

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

b) Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit / loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind-AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognised in the profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss is designated as such at the initial date of recognition, and only if the criteria in Ind-AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risks are recognized in OCI. These gains/ loss are not subsequently transferred to statement of profit and loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The Company has not designated any financial liability as at fair value through profit and loss.

Loans and borrowings

This is the category most relevant to the Company. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost

using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are de-recognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss. This category generally applies to borrowings.

Preference shares, which are mandatorily redeemable on a specific date, are classified as liabilities under borrowings. The dividends on these preference shares, if any are recognised in the profit or loss as finance cost.

Financial guarantee contracts

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind-AS 109 and the amount recognised less cumulative amortisation.

c) De-recognition

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

d) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

I. Derivative financial instruments and hedge accounting

Initial recognition and subsequent measurement:

The Company uses derivative financial instruments, such as forward currency contracts and interest rate swaps to hedge its foreign currency risks and interest rate risks, respectively.

Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

The purchase contracts that meet the definition of a derivative under Ind-AS 109 are recognised in the statement of profit and loss. Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss.

J. Inventories

Inventories are valued at lower of cost on First-In-First-Out (FIFO) or net realizable value after providing for obsolescence and other losses, where considered necessary. Cost of inventories comprises all costs of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost of purchased inventory is determined after deducting rebates and discounts. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

K. Recognition of Revenue

Revenue is recognized at an amount that reflects the consideration to which the Company expects to be entitled in exchange for transferring the goods or rendering of services to a customer i.e. on transfer of control of the goods or rendering of service to the customer. Revenue recognised is net of indirect taxes, returns and discounts.

Income from operations

Rooms, Food and Beverage & Banquets: Revenue is measured at the fair value of the consideration received or receivable. Revenue comprises sale of rooms, food, beverages, smokes and allied services relating to hotel operations. Revenue is recognised upon rendering of the service, provided pervasive evidence of an arrangement exists, tariff / rates are fixed or are determinable and collectability is reasonably certain.

Other services: Income from ancillary services is recognised as and when the service is rendered.

L. Other Income

Interest income from financial assets is recognized when it is probable that economic benefits will flow to the company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial assets to that asset's net carrying amount on initial recognition.

M. Provisions and Contingent Liabilities

General

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, the expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. The Company does not recognize a contingent liability but discloses its existence in the financial statements. Payments in respect of such liabilities, if any are shown as advances.

N. Accounting for Taxation of Income

(i) Current taxes

Income tax expense is recognized in net profit in the statement of profit and loss except to the extent that it relates to items recognized directly in other comprehensive income or equity, in which case it is recognized in other comprehensive income or equity respectively. Current income tax is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. The Company offsets, on a year to year basis, the current tax assets and liabilities, where it has legally enforceable right to do so and where it intends to settle such assets and liabilities on a net basis.

(ii) Deferred taxes

Deferred tax is recognized on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit and are accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognized for all taxable temporary differences, and deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such assets and liabilities are not recognized if the temporary

difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

O. Fair value measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to settle a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique

In estimating the fair value of an asset or liability, the Company takes into account the characteristics of the asset or liability if market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company's Management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for distribution in discontinued operations.

This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

P. Foreign Currency-Transactions and Balances

The Company's functional currency is INR and accordingly, the financial statements are presented in INR.

Transactions in foreign currencies are initially recorded by the company in their functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting period. Gains and losses arising on account of differences in foreign exchange rates on settlement/ translation of monetary assets and liabilities are recognised in the Statement of Profit and Loss except exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e. translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

Q. Borrowing Costs

General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are

recognised in Statement of Profit and Loss in the period in which they are incurred.

R. Leases

Effective April 1, 2019, the Company has adopted Ind AS 116 "Leases" and applied the standard to all lease contracts existing on April 1, 2019 using the modified retrospective method. Accordingly, comparative information as at and for the year ended March 31, 2019 has not been restated. The impact of adoption of the standard on financial statements of the Company has been disclosed in the notes to accounts.

On adoption of Ind AS 116, the Company recognised lease liabilities in relation to certain leases which had previously been classified as 'operating leases' under the principles of Ind AS 17, Leases. These liabilities have been measured at the present value of the remaining lease payments, discounted using the company's incremental borrowing rate as of 1 April 2019.

The Company's lease asset classes primarily consist of leases for land, building and vehicle leases. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset throughout the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives and estimated restoration costs of the underlying asset where applicable. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the

lease term and useful life of the underlying asset. If the Company is reasonably certain to exercise a purchase option, the right-of-use asset is depreciated over the underlying assets useful life.

Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortised cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Lease liabilities and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The Company applies the practical expedient by the standard allowing not to separate the lease component from other service components included in its lease agreements. Accordingly, all fixed payments provided for in the lease agreement, whatever their nature, are included in the lease liability.

S. Employee Benefits

a) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employee's services up to the end of the reporting period and are measured at the undiscounted amounts of the benefits expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

b) Other Long-term employee benefit obligations

The liabilities for compensated absences (annual leave) which are not expected to be settled wholly within 12

months after the end of the period in which the employee render the related service are presented as non-current employee benefits obligations. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the Projected Unit Credit method. The benefits are discounted using the market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligations. Re-measurements as a result of experience adjustments and changes in actuarial assumptions (i.e. actuarial losses/ gains) are recognised in the Statement of Profit and Loss.

The obligations are presented as current in the balance sheet, if the Company does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

c) Post-employment obligations

The Company operates the following post-employment schemes:

- i. Defined benefit plans such as gratuity
- ii. Defined contribution plans such as provident fund

Defined benefit plan - Gratuity Obligations

The Company provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment.

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is actuarially determined using the Projected Unit Credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have a terms approximating to the terms of the obligation. The net interest cost, calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of the plan assets, is recognised as employee benefit expenses in the statement of profit and loss.

Remeasurements gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the other comprehensive

income in the year in which they arise and are not subsequently reclassified to Statement of Profit and Loss.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

Defined Contribution Plan

The Company pays provident fund contributions to publicly administered provident funds as per local regulatory authorities. The Company has no further obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due.

T. Earnings Per Share

Basic Earnings Per Share (EPS) amounts are calculated by dividing the profit for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- The after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- Weighted average number of equity shares that would have been outstanding assuming the conversion of all the dilutive potential equity.

U. Cash and Cash Equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less from the date of acquisition, which are subject to an insignificant risk of changes in value.

V. Insurance claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that there is no uncertainty in receiving the claims.

W. Segment Reporting

The Company's only business being hoteliering, disclosure of segment-wise information under Accounting Standard (AS) 108 "Segmental Information" notified by the Companies (Accounting Standards) Rules, 2006 (as amended) does not arise. There is no geographical segment to be reported since all the operations are undertaken in India.

X. Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

Y. Recent Pronouncements

On March 24, 2021, the Ministry of Corporate Affairs ("MCA") through a notification amended Schedule III of the Companies Act, 2013. The amendments revise Division I, II and III of Schedule III and are applicable from April 1, 2021. Key amendments relating to Division II which relate to companies whose financial statements are required to comply with Companies (Indian Accounting Standards) Rules 2015 are:

Balance Sheet:

- Lease liabilities should be separately disclosed under the head 'financial liabilities', duly distinguished as current or non-current.
- Certain additional disclosures in the statement of changes in equity such as changes in equity share capital due to prior period errors and restated balances at the beginning of the current reporting period.
- Specified format for disclosure of shareholding of promoters.
- Specified format for ageing schedule of trade receivables, trade payables, capital work-in-progress and intangible asset under development.
- If a company has not used funds for the specific purpose for which it was borrowed from banks and financial institutions, then disclosure of details of where it has been used.
- Specific disclosure under 'additional regulatory requirement' such as compliance with approved schemes of arrangements, compliance with number of layers of companies, title deeds of immovable property not held in name of company, loans and advances to promoters, directors, key managerial personnel (KMP) and related parties, details of benami property held etc.

Statement of profit and loss:

- Additional disclosures relating to Corporate Social Responsibility (CSR), undisclosed income and crypto or virtual currency specified under the head 'additional information' in the notes forming part of stand-alone financial statements.

The amendments are extensive and the Company will evaluate the same to give effect to them as required by law.

Note 37: Financial Risk Management Objectives and Policies

The Company's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations and to provide guarantees to support its operations directly or indirectly. The Company's principal financial assets include, trade and other receivables, other advances, cash and cash equivalents that derive directly from its operations.

The Company is exposed to credit risk and liquidity risk. The below note explains the sources of risk which the entity is exposed to and how the entity manages the risk :

Risk	Exposure arising from	Measurement	Management
Credit Risk	Cash and cash equivalents, trade receivables, financial assets measured at amortised cost.	Aging analysis and Credit ratings	Diversification of bank deposits and credit limits
Liquidity Risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities

Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or a customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions.

Trade receivables

Customer credit risk is managed by the Company's established policy, procedures and control relating to customer credit risk management. The Company is in the business of Hospitality. Credit quality of a customer is assessed by the management on regular basis with market information and individual credit limits are defined accordingly. Outstanding customer receivables are regularly monitored and any further services to major customers are approved by the senior management.

An impairment analysis is performed at each reporting date on an individual basis for major customers. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in Note 9.

On account of adoption of Ind-AS 109, the Company uses expected credit loss model to assess the impairment loss or gain. The Company uses a provision matrix to compute the expected credit loss allowance for trade receivables. The provision matrix takes into account available external and internal credit risk factors and the Company's historical experience for customers.

Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Company's finance department in accordance with the Company's policy. Investments of surplus funds are made generally in the fixed deposits. The investment limits are set to minimise the concentration of risks and therefore mitigate financial loss to make payments for vendors.

The Company's maximum exposure to credit risk for the components of the balance sheet at March 31, 2021 and March 31, 2020 is the carrying amounts as stated in balance sheet.

Liquidity Risk

The Company monitors its risk of a shortage of funds using a liquidity planning tool.

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank loans. The Company has access to a sufficient variety of sources of funding which can be rolled over with existing lenders. The Company believes that the working capital is sufficient to meet its current requirements.

The table below provides details regarding the maturities of significant financial liabilities as of March 31, 2021 and March 31, 2020:

Note 38 : Capital Management

For the purpose of the Company's capital management, capital includes issued equity share capital, securities premium and all other reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximise the value of the share and to reduce the cost of capital.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company can adjust the dividend payment to shareholders, issue new shares, etc. The Company monitors capital using a gearing ratio, which is net debt divided by total equity. The Company includes within net debt, interest bearing loans and borrowings, less cash and cash equivalents.

III. Sensitivity Analysis

The below sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

a. Gratuity

A quantitative sensitivity analysis for significant assumption as at March 31, 2021 and March 31, 2020 are as shown below:

Particulars	Change in Discount Rate	Increase/ (Decrease) in Present Value of Obligations	Change in Salary Escalation Rate	Increase/ (Decrease) in Present Value of Obligations
March 31, 2021	+ 0.5%	(6.50)	+ 0.5%	5.38
	- 0.5%	7.24	- 0.5%	(5.40)
March 31, 2020	+ 0.5%	(6.73)	+ 0.5%	5.90
	- 0.5%	7.50	- 0.5%	(5.54)

IV. Risk Exposure

Through its defined benefit plans, the Company is exposed to a number of risks, the most significant of which are detailed:

Interest risk	A decrease in the market yields in the government bond will increase the plan liability.
Longevity risk	The present value of defined benefit plan liability is calculated using a discount rate which is determined by reference to the best estimate of the mortality of plan participants both during and after employment. An increase in the life expectancy of the plan participants will increase the plan's liability.
Salary risk	The present value of defined benefit plan liability is calculated using a discount rate which is determined by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

THE INTRUCTIONS OF SHAREHOLDERS FOR REMOTE E-VOTING AND E-VOTING DURING AGM AND JOINING MEETING THROUGH VC/OAVM ARE AS UNDER:

- i. Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level. Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.
- ii. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to atleast 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
- iii. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 (as amended), and the Circulars issued by the Ministry of Corporate Affairs from time to time, the Company is providing facility of remote e-Voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Ltd (CDSL) for facilitating voting through electronic means, as the authorized agency. The facility of casting votes by a member using remote e-Voting system as well as voting on the date of the AGM will be provided by CDSL.
- iv. The voting period begins on Saturday, September 25, 2021 at 09.00 a.m. and ends on Tuesday, September 28, 2021 at 05.00 p.m. During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of Wednesday, September 22, 2021 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.

- v. Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- vi. In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013 AND REGULATION 36(5) OF SEBI (LISTING OBLIGATIONS AND DISCLOSURE REQUIREMENTS) REGULATION, 2015.

Item No. 3

Based on the recommendation of Audit Committee and a review of the profile and experience, the Board of Directors at its meeting held on August 10, 2021 approved and recommended for the approval of the Members the appointment of M/s. Bilimoria Mehta & Co, Chartered Accountants (Firms Registration No. 10149W), as Statutory Auditors of the Company for the financial year 2021-22, to hold office from the conclusion of this Annual General Meeting till the conclusion of the 32nd Annual General Meeting of the Company.

M/s. Bilimoria Mehta & Co, Chartered Accountants have consented to act as Statutory Auditors of the Company and have intimated that such appointment would be in accordance with the conditions prescribed in Section 139 of the Companies Act, 2013 and the rules framed thereunder.

The details of Brief profile of Statutory Auditors are as follows:

Bilimoria Mehta & Co. is a Chartered Accountant firm established in 1977 with 120 young and energetic employees including more than 30 Certified Professionals located all over India. The firm is looking after respective areas of domain, viz, Tax Consulting, Due Diligence, Assurances and Auditing Services, Risk Management Services, Government Approvals, Legal Consulting, Systems Audit, Strategic Planning, Industry Relations etc.

The Board of Directors at its meeting held on August 10, 2021 approved an annual remuneration/fees to them for an amount of Rs. 12,00,000/- (Rupees Twelve Lakhs Only) plus applicable taxes and reimbursement of travelling and out of pocket expenses incurred by them for the purpose of Audit for the financial year 2021-22, to hold office from the conclusion of this Annual General Meeting till the conclusion of the 32nd Annual General Meeting of the Company, subject to approval of Members.

The approval of Members of the Company is, accordingly, being sought pursuant to the provisions of Sections 139, 141, 142 and other applicable provisions, if any, of the Act and the relevant Rules thereunder for the aforementioned appointment of the Statutory Auditors.

None of the Directors and Key Managerial Personnel of the Company and their relatives are concerned or interested, financially or otherwise, in the resolution set out at Item No.3.

Your directors recommend Resolution at Item No.3 as an Ordinary Resolution for approval of the members.

Item No. 4

Based on recommendation of Nomination and Remuneration Committee, the Board of Directors appointed Ms. Madhuri Dhanak (DIN: 09065395) as an Additional Director of the Company and also Independent Director, not liable to retire by rotation, for a term of 5 consecutive years from February 12, 2021 upto February 11, 2026.

Pursuant to the provisions of Section 161(1) of the Act and Articles of Association of the Company, Ms. Madhuri Dhanak holds office of the Director up to the date of this Annual General Meeting ("AGM") and is eligible to be appointed as a Director. The Company has, in terms of Section 160(1) of the Act, received in writing a notice from a Member, proposing her candidature for the office of Director.

Ms. Madhuri Dhanak aged 32 years is a Chartered Accountant by profession and is currently associated with M/s. Rolta Private Limited as a Senior Manager. Ms. Dhanak has also served as an Internal Auditor and Assistant General Manager at Valson Industries Limited in the past. Her knowledge and experience will be of immense benefit to the Company.

She does not hold any equity shares of the Company.

Ms. Madhuri Dhanak is not debarred from holding the office of Director by virtue of any SEBI order or order by any other competent authority.

The Company has received a declaration from Ms. Madhuri Dhanak that she meets the criteria of independence as prescribed under Section 149 of the Act and under Listing Regulations.

In the opinion of the Board, Ms. Madhuri Dhanak fulfils the conditions specified under the Act, the Companies (Appointment and Qualification of Directors) Rules, 2014 and

Regulation 16(1)(b) of the Listing Regulations for her appointment as an Independent Director of the Company and is independent of the management.

In compliance with the provisions of Section 149, read with Schedule IV of the Act and Regulation 17 of SEBI Listing Regulations, the appointment of Ms. Madhuri Dhanak as an Independent Director is now being placed before the Members for their approval.

Details of the number of Board Meetings held and attended by her during her tenure as Director of the Company are given in the Corporate Governance Report.

Copy of the letter for appointment of Ms. Madhuri Dhanak as an Independent Director is available on the Company's website www.thebyke.com.

The Board considers that her association would be of immense benefit to the Company and it is desirable to avail services of Ms. Madhuri Dhanak as an Independent Director. Accordingly, the Board recommends the resolution in relation to appointment of Ms. Madhuri Dhanak as Director / Independent Director for the approval by the shareholders of the Company.

Except Ms. Madhuri Dhanak being an appointee herself and her relatives, none of the Directors and Key Managerial Personnel of the Company and their relatives are concerned or interested, financially or otherwise, in the resolution set out at Item No.4.

This Explanatory Statement together with the accompanying Notice may also be regarded as a disclosure under Regulation 36(3) of the Listing Regulations and Secretarial Standard on General Meetings (SS-2) of The Institute of Company Secretaries of India (ICSI).

Item No. 5

Based on recommendation of Nomination & Remuneration Committee and subject to approval of shareholders in the 31st Annual General Meeting the Board of Directors of the Company in its meeting held on June 25, 2021 had, re-appointed Mr. Anil Patodia as a Chairman & Managing Director for another term of five years effective from August 01, 2021.

Mr. Anil Patodia is a Commerce Graduate from the University of Rajasthan, having huge experience in the Hospitality and service industries for over 25 years. He took over the management of The Byke in 2010. Mr.Patodia has formulated many value-based strategies to create a niche for the Byke as a brand. As an experienced hotelier, Mr. Patodia plays a significant role in the Company's operations and marketing, global expansion and future development.

Keeping in view that Mr. Anil Patodia has rich and varied experience in the Hotel Industry and has been involved in the operations of the Company over a long period of time, it would be in the best interest of the Company to continue the employment of Mr. Anil Patodia as a Chairman & Managing Director.

In compliance with the provisions of Sections 196, 197, 203 and other applicable provisions of the Act, read with Schedule V to the Act, the terms of remuneration specified above are now being placed before the Members for their approval.
